

2009 WGI Advisory Board – Proposal Results

Proposal #4 – PASSES 34-0

At the WGI World Championships, have a double panel of judges for all finals competitions and all semi-final competitions. If a division does not have a semi-finals round, then their preliminary round would have the double panel. (for example: at the 2009 World Championships, SW/IW/IO had no semi-finals round. In this case, they would then have had a double panel for prelims.

Proposal: #9 – AMENDED; PASSES 20-11

Add a World Class Semi-Final for both Scholastic & Independent World Class, regardless of number of entries. (Thursday evening if possible)

Example:

Thursday: Prelims for SW and IW (all units)

Friday: Semi-Finals – top 20 in SW and IW

Saturday: Finals – top 15 in SW and IW

Proposal #11 – AMENDED; PASSES 34-0

For World Championships, make the prelims draw for World Class a Webcast event with the performance order determined by a live draw within the confines of current seeding process.

Proposal #14 – AMENDED; PASSES 33-0

When a unit checks in at Championships, they draw a number that will determine tiebreaking for the order of appearance for the rest of the weekend.

Proposal #21 – AMENDED; PASSES 32-0

If schedule permits allow up to three Regional A Class color guards to compete in a finals round at all WGI regionals that allow this classification.

Proposal #22 – PASSES 34-0

ESTABLISH REGIONAL ROUNDS -Establish rounds whenever number of entrants in any one class at any regional is more than 15 units. Ideally, rounds would have from 5 to 8 units per round, with no round having more than 8 competing units. Rounds would not have to have equal numbers of units, but the differences between rounds should be no more than two units. There is no need to add breaks between rounds, so there is no impact to the preliminary timeline.

Proposal #23 – PASSES 34-0

NAME POWER REGIONAL ROUNDS - Recognize honored persons in the activity who have passed by naming rounds at Power Regionals in the same manner as at Championship semi-finals.

Proposal #28 – AMENDED; PASSES 22-7

For the analysis captions, trial a judging system for World Classes using 20 points for Vocabulary/Composition with a single judge and 20 points for Excellence with a single judge. The IA Captions would still be worth 20 points each with the average of the two independent sub-captions.

Proposal #33 – AMENDED; PASSES 31-3

Waive timing penalties for all units under required equipment time and under required performance time for the first two weeks of regional events each year.

Proposal #38 – AMENDED; PASSES 30-0

The CAB Steering Committee Instructor members shall be elected by the Color Guard Advisory Board.

Proposal: #40 – PASSED 34-0

The Color Guard Advisory Board at the annual Color Guard Advisory Board Meeting shall formally review Chief Judge(s) yearly.

Proposal #41 – PASSED 34-0

All Chief Judges for WGI shall be approved by the CAB. Each Chief Judge will be approved individually.
